NOTICE

Sub: Faculty-Pedagogical training through NITTT

All of you aware that MHRD and AICTE jointly proposed an initiative called "National Initiative for Technical Teachers Training (NITTT). The technical teachers are proficient in their subject domain and its application. But they should have the requisite delivery skills to communicate the knowledge and skills to the students in an effective manner. In this regard, NITTTs have developed pedagogy modules for newly inducted technical teachers. The technical teachers have to undergo the pedagogy modules in the SWAYAM platform and get certificated from NITTT. The inductee teachers have to register in a web portal called "NITTT Portal" which is a vertical portal over SWAYAM platform. Hence all the faculty members of AIMSCS are requested to register through NITTT web portal to participate at any point of time during the MOOC training in the SWAYAM platform.
